The 830 Fund

Sustaining the sustainers.

REFUGE FOUNDATION

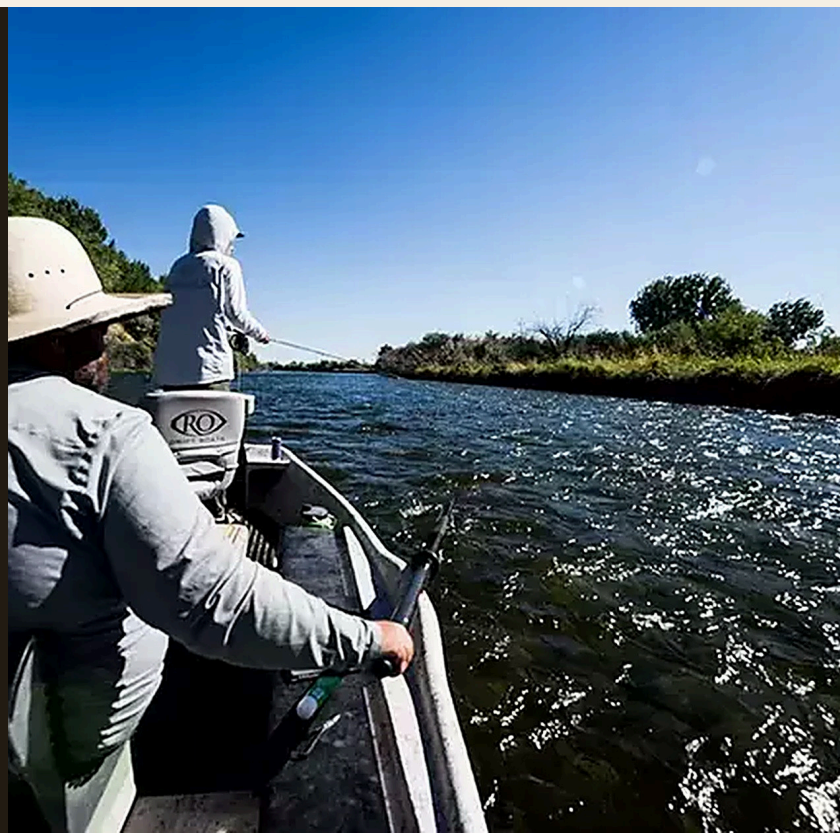

Refuge sends leaders home **able to lead again.**

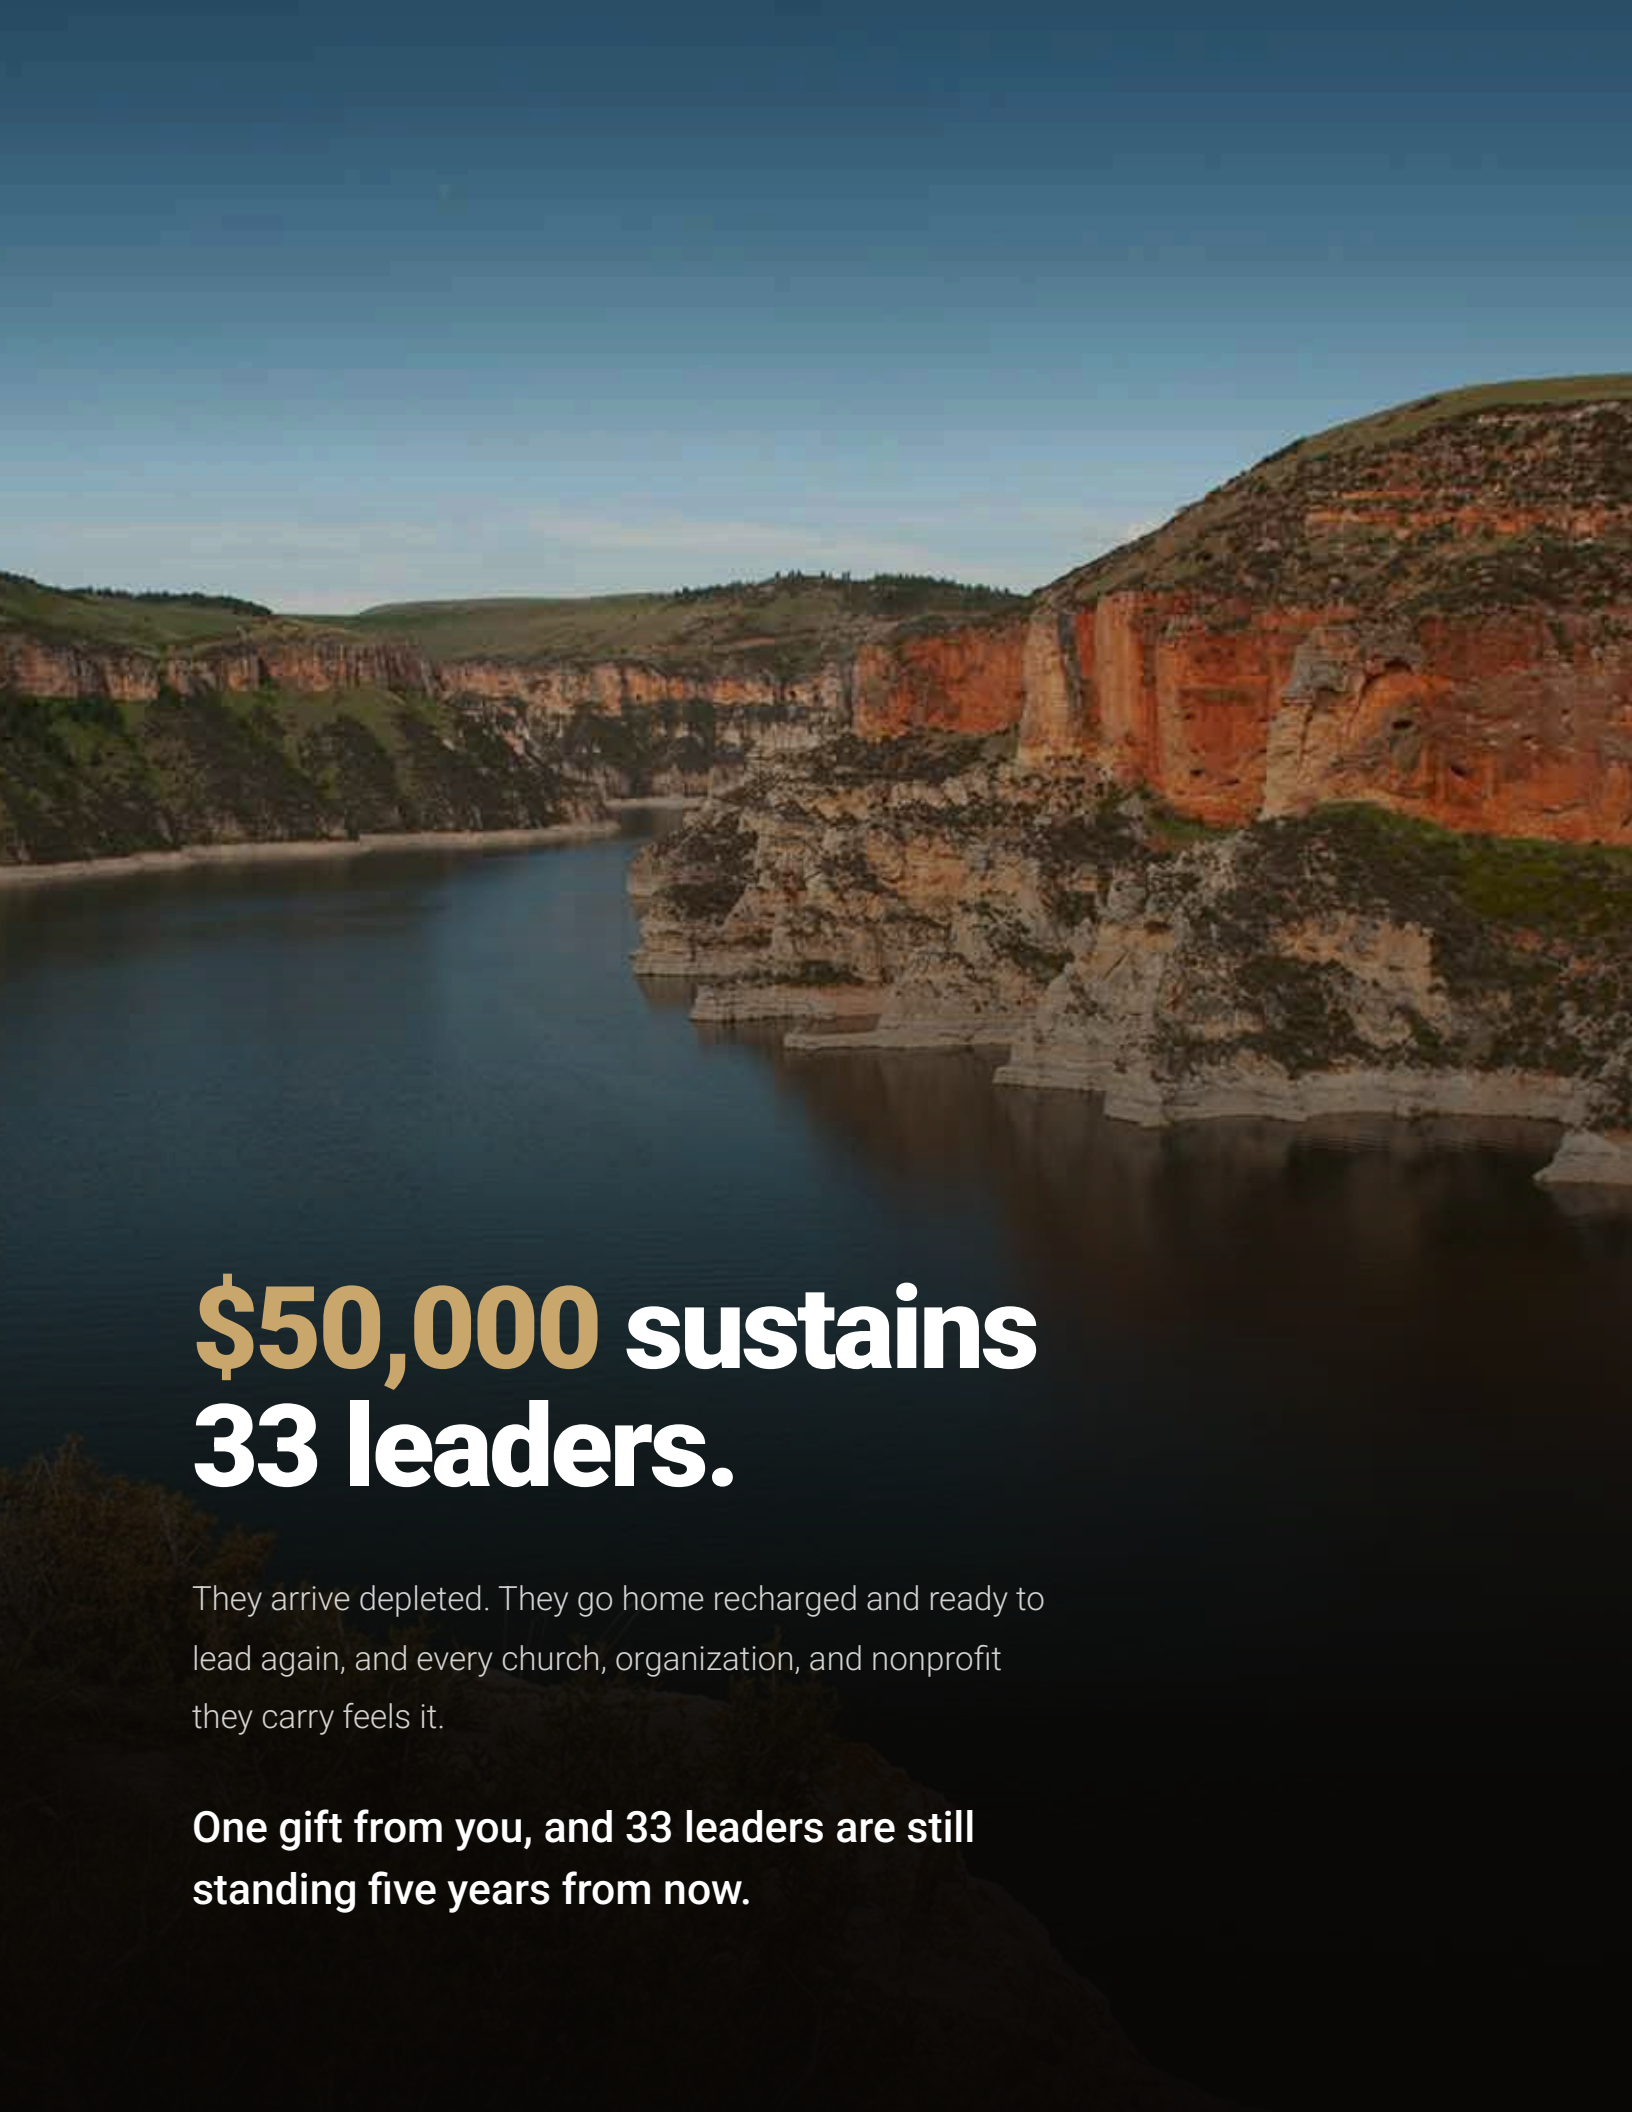

The people who come to us lead highly influential churches, organizations, and nonprofits. Keep one of them in the game and tens of thousands of people downstream are reached, cared for, and flourishing.

They don't often ask for help. They keep going until something gives. Refuge steps in before that happens and stays with them after, so they get healthy and stay healthy for the long haul.

25 × \$50,000

25 individual gifts fully fund this initiative. Together they cover 830 leaders who can't cover the cost of coming and desperately need to be here.

\$50,000 sustains **33 leaders.**

They arrive depleted. They go home recharged and ready to lead again, and every church, organization, and nonprofit they carry feels it.

One gift from you, and 33 leaders are still standing five years from now.

830

Leaders sustained.

These are the ministry and nonprofit leaders who carry the most weight with the least margin. They are who the 830 Fund exists for.

2,432

GUESTS IN 2025

2,650

ON PACE FOR 2026

Refuge serves marketplace and ministry leaders alike, and the number has gone up every year we've been open. **Many guests cover some or all of their own cost.** The 830 are the ones who can't, and they are the ones this campaign sponsors.

Leaders within our own Refuge community, people who came to us depleted and left restored enough to go back and lead well again, remind me every day why we do this.
